Scaling-up Innovative Services for Integrated Care

European Innovation
Partnership on Active
and Healthy Ageing

► From pilot to routine care ...

- Technology
- Change Management

► But

- People need to be **ready** for change
- A **structure** is needed to finance innovative services and manage their deployment
- An eHealth **infrastructure** is needed to support and ease their deployment
- **Transition funding** is needed to deploy the new model of care and decommission the older one
- Plans and means are needed to deal with **inhibitors** in place
- ...

Maturity Model for Integrated Care:

- 12 dimensions
- (with an explanatory narrative)
- each with a rating scale (0-5)

Self-Assessment Conversations: an On-Line Tool

Yes, but getting the devices to interoperate is a nightmare!

We are all using HL7 FHIR

This will all be resolved soon, as we are joining an international standards group for devices
